PROFESSIONAL EXPERIENCE

General Assembly | Boston, MA — Web Developer

August 2016 - November 2016

- 12-week immersive course with over 600 hours of training.
- Developed full stack and front-end projects on a deadline using several languages, frameworks and database structures.

Friends of Thai Daughters | MA / Thailand — Media Manager

March 2016 - November 2016

- Designed and managed website to inform visitors about human trafficking and drive donations to support at-risk children.
- Directed and edited short promotional film to raise awareness and show the impact of the organization on the lives of Thai children.

Kirkwood Mountain Resort | Kirkwood, CA — Guest Service Agent

February 2015 - April 2015

- Operated shuttle dispatch for residents, managed lost & found, and answered all guests' questions in a friendly and professional manner.

WEB DEVELOPMENT PROJECTS

Flix With Friends (in progress)

A full stack single page application that allows you to rate movies. The goal is to give you and your friends the best movie choice based on your mutual tastes. I am building this app using an Ember.js client and Ruby on Rails API.

Golf Handicap Calculator +

A full stack single page application built using JavaScript, jQuery and Sass on the client and a Ruby on Rails API built using test-driven development. With an account on GHC+, you can record your rounds of golf and track your handicap.

Sweatersforturtles.com

A team built E-commerce site that uses Node.js, Express.js, Mongoose and MongoDB for its API. It connects to the Stripe API for customer payments.

Stranger Tic Tac Toe

A basic tic tac toe game with an added theme inspired by the show Stranger Things. This app uses jQuery and Sass for animation and styling.

Technical Skills

Core Languages:

JavaScript, HTML, CSS,
