Will McBride | Denver, CO

I am a full stack web developer who recently moved to Denver. I have always been drawn to building things from scratch and skiing.

March 2016 - November 2016

- Designed and managed website to inform visitors about human trafficking and drive donations to support at-risk children.

WEB DEVELOPMENT PROJECTS

Golf Handicap Calculator +
A full stack single page application built using JavaScript, jQuery and Sass on the client and a Ruby on Rails API built using test-driven development. With an account on GHC+, you can record your rounds of golf and track your handicap.

Sweatersforturtles.com
A team built E-commerce site that uses Node.js, Express.Js, Mongoose and MongoDB for its API. It connects to the Stripe API for customer payments.

Stranger Tic Tac Toe
A basic tic tac toe game with an added theme inspired by the show Stranger Things. This app uses jQuery and Sass for animation and styling.
