PROFESSIONAL EXPERIENCE

RTD | Denver, CO - Frontend Web Developer
Apr 2019 - Present

- Leading transition of RTD's website to the Drupal CMS to improve user experience. Maintaining and improving existing apps like Next Ride, Trip Planner, Rider Alerts and Schedules.

Groovie Tech, LLC | Denver, CO - Founder
Jul 2018 - Present

- Created Groovie, a website that minimizes the headache of picking a movie with a group of friends. It allows users to track movies they want to see and then create groups where Groovie will suggest movies based on everyone's preferences.
- Created epicorikon.com, a website to help skiers and snowboarders decide between the Epic Pass and Ikon pass.

Freelance Web Developer | Denver, CO
Jan 2018 - Present

- Work with teams and individuals from contracting companies to meet all client needs to the highest standards.
- Handle projects ranging from UI and API builds to E-Commerce sites requiring custom theming and features.

Boston Fusion Corp. | Lexington, MA — Front End Web Developer
Feb 2017 - Dec 2017

- Lead fast paced development on multiple projects using Javascript, Python (Flask), HTML and CSS.
- Built RESTful APIs on top of SQL, NoSQL and graph databases.

WEB DEVELOPMENT PROJECTS

MACE
A project designed for intelligence officers to explore and grow a multi-modal graph database. Users can upload video, audio or news articles to add the contents to the database. MACE attempts to find latent relationships which become searchable and visualized in the UI.

RACER
A job search website geared for members of the military transitioning into civilian roles. Created visual guides for job markets in major US cities and allowed users to get results tailored to their individual profile.
